### Women's Self Defense Class

The L.A.C.E. program: Ladies Awareness, Confidence & Empowerment has been specifically designed to prepare women both physically and mentally, to react and defend themselves if ever put in a real life threatening situation. The training covers a wide variety of scenarios both inside and outside (vehicles, dark parking lot, etc.) of our training facility. The women who attend these seminars are taught the most effective, street proven self-defense techniques such as: releases from grabs, chokes and bear hugs, striking defenses, weapon disarming and ground survival techniques. We place an emphasis on preparing women to be able to defend themselves under stress – eliminating the "shutting down and freezing" reaction.
