## Dvar Torah: Eli Vaynberg

By matan Torah, when Hashem was giving over the Torah there was no sound in the entire world because if there were any sound at all then they could say that there is another god. Also by Har Karmel a man named Eliahu had a fight against 400 ovdei avoda zarah about who is G-d. They then brought korbanot and said whoever's korban gets eaten that means their god is the true god and only Eliahu it was eaten right away but by the ovdei avoda zarah there was no sound in the entire world to show that Hashem is G-d. If there was any sound then they could have said that was their god's doing. This shows that if a person really wants to believe something, even if it's so stupid, they will still think it's true.

## Security:

Young Israel has initiated its program of volunteer security greeters controlling the door, screening those seeking entry and conducting counter-surveillance on Shabbos mornings. We need more volunteers to help the program continue, so please consider volunteering. If you would like to be trained to be a greeter but could not attend the class we can give you on the job training on Shabbos. To assist our efforts to protect our community against the real, serious and growing general threat to Jewish institutions, either as a greeter or in another function, please contact [margr Hess@hotmail.com](mailto:margr Hess@hotmail.com). Members of our security committee were also privileged to meet this week with Mr. Doron Horowitz, the SNJ Jewish Federation's new Regional Security Director. Mr. Horowitz, a decorated former officer and counter-terrorism operator of the Israel Border Police, with extensive US Jewish communal security experience, is available to assist our community in planning, training and other functions. We are grateful to him and the Jewish Federation for this assistance.

## Rabbi's Endorsement:

Shul security continues to be an important matter in the Jewish community at large as well as for our own congregation. Security concerns must always be met with a two-pronged attack encompassing both the spiritual response of increased tefilah and Torah, as well as a physical response of increased security features to protect our Kehillah. If you're able and willing to volunteer to guard the entrance to the shul for a Shabbos morning time slot, please fill out the questionnaire at the link below. Thanking you in advance for your dedication to the tzorchei tizbur.
