The Paschal Lamb

Recalling how Hashem, with a strong arm led us out of Egypt from the bondage of slavery is something we do at least 2 different times of the year as well as daily in our prayers. Hashem commanded us to take a lamb, an Egyptian deity, slaughter it and paint our doorways with its blood. This symbol would allow Hashem as he killed the first born of Egypt, to pass over the homes of the Jews keeping them safe from death.

Does not Hashem know who the Jews are and who are the Egyptians? Why did he need us to paint or mark our door ways with blood? Everyone inside the marked homes would be safe, including non-Jews. The bloody lintels were themselves an advertisement that this home is under special guard and that it is safe.

We must do our own diligence to keep ourselves safe. It is a partnership with God. He will do His part only if we do ours first. If a Jew did not mark his home with the blood of the lamb, their home was not safe from the Angel of Death.

Sunday, Young Israel will have a security training for all to attend at 930 AM. A culture of safety and security will begin to be established. Some may wish to help by volunteering as “welcomers “at the door and others may just wish to attend to understand more of why we are developing

safety precautions and to help create an atmosphere of safety. So please, everyone the more participation the better.

Let us all work in partnership with Hashem to create a shul that is safe and secure; where davening to our creator can be done with total concentration.

Security Update

Because of the growing and serious general threat of violence to the Jewish community, we need members to volunteer to help keep the Young Israel community safe, especially by controlling entry to the doors on Shabbat. We strive to be a warm and friendly shul, but in these times, sadly, it is also important to be vigilant and secure. Please sign up for security training for door guards to be held at Young Israel on Sunday, February 2, 2020 at 0930 for about 1.5 hours. The training will focus on identifying suspicious behavior, describing subjects and counter-surveillance. RSVP to Marc Hess at marcness@hotmail.com.

Rabbi's Endorsement:

Shul security continues to be an important matter in the Jewish community at large as well as for our own congregation. Security concerns must always be met with a two-pronged attack encompassing both the spiritual response of increased tefilah and Torah, as well as a physical response of increased security features to protect our Kehillah. If you're able and willing to volunteer to guard the entrance to the shul for a Shabbos morning time slot, please fill out the questionnaire at the link below. Thanking you in advance for your dedication to the tzorchei tzibbur.
